Description

Our brand new digital inverter generators are here! Small yet powerful, these models are a fantastic, highly portable power source. Great for general and business use and ideal for boats, caravans and outdoor use including camping.

Features

- **Light weight, compact and highly portable**
Thanks to Inverter technology, these models are smaller and lighter than traditional generators making them extra portable
- **SUPER QUIET**
SIP Inverter generators are considerably quieter than standard models
- **Easy start**
High quality unit ensures easy start
- **Powerful and efficient**
Inverter technology makes these models super fuel efficient and extra powerful, give pure stable power making them ideal for running laptops, TV's, computers etc.
